## Career Objective

Seeking employment in DevOps, Site Reliability, or Software  
3+ years experience

## Skills

**</> Programming Languages:** C++, Python, Java, Bash  
**🗣️ Languages:** English ★★★★★, Japanese ★☆☆☆☆  
**📦 Content Management:** Git, GitHub, GitLab, Artifactory, DockerHub  
**🔧 Systems Engineering:** Kubernetes, Docker, Ansible, Helm, AWS  
**🔄 CI/CD:** Jenkins, GitHub Actions, GitLab CI/CD  
**⚙️ Other:** Keycloak, Vault, Checkmk, Apache, Nginx

## Professional Experience

**DevOps Engineer** February 2022 – Present  
*Jacobs Engineering* Kennedy Space Center, FL, USA

- Development and Operations for Launch Control Systems of Artemis I & Artemis II
- Provided CI/CD services using Jenkins and containers as build agents
- Static analysis and testing with Cobertura, CppCheck, Robot, and more
- Implemented new tools and container orchestration
- Redesigned system architecture and fixed major issues in production

**Software Engineer** October 2021 – February 2022  
*Kutta Technologies - Sierra Nevada Corp.* Huntsville, AL, USA

- Worked extensively with C++ and unmanned aerial control software
- Developed testing framework and messaging service to meet NATO requirements
- Followed operational security protocols to ensure safety of sensitive information
- Worked closely with a team of experienced veterans and engineers

**DevOps Engineer** March 2020 – October 2021  
*University of Utah Center for High Performance Computing* Salt Lake City, UT, USA

- Developed cyberinfrastructure for scientific institutions across the world
- Used Docker, Kubernetes, and Helm to provide one-click scalable applications
- Added applications to the catalogue such as Open OnDemand, an HPC access portal
- Improved the CLI and API services used for deploying applications

## Projects

**Using SLATE to deploy Open OnDemand** February 2021 - Aug 2021  
*The SLATE project* Salt Lake City, UT, USA

- World's first kubernetes deployment of Open OnDemand with [Remote Desktop](#)

## Education

**B.S. Physics** Aug 2016 – May 2021  
*University of Utah* Salt Lake City, UT, USA

- Astronomy & Astrophysics Emphasis
