## **Career Objective**

Seeking employment in DevOps, Systems Reliability, or Software

3+ years experience

#### **Skills**

Programming Languages: C++, Python, Java

型 Languages: English ★★★★, Japanese ★☆☆☆

Content Management: Git, GitHub, GitLab, Artifactory, DockerHub

**Systems Engineering:** Kubernetes, Docker, Ansible, Helm, AWS

CI/CD: Jenkins, GitHub Actions

Other: MatLab, LabView, Blender, Apache, Nginx, Keycloak

### **Professional Experience**

#### Software Engineer I

February 2022 - Present

Jacobs Engineering

Kennedy Space Center, FL, USA

- Development and Operations for Launch Control Systems of Artemis I & Artemis II
- Provided CI/CD services using Jenkins and containers as build agents
- Static analysis and testing with Cobertura, CppCheck, Robot, and more
- Improved systems and and implemented new tools such as Ansible and Docker
- Automated routine tasks and maintenance to minimize operations and prevent issues

#### Software Engineer I

October 2021 - February 2022

Kutta Technologies - Sierra Nevada Corp.

Huntsville, AL, USA

- · Worked extensively with C++ and unmanned aerial control software
- Developed testing framework and messaging service to meet NATO requirements
- Followed operational security protocols to ensure safety of sensitive information
- Worked closely with a team of experienced veterans and engineers

#### **DevOps Engineer**

March 2020 - October 2021

University of Utah Center for High Performance Computing

Salt Lake City, UT, USA

- · Developed cyberinfrastructure for scientific institutions across the world
- Used Docker, Kubernetes, and Helm to provide one-click scalable applications
- Added applications to the catalogue such as Open OnDemand, an HPC access portal
- Improved the CLI and API services used for deploying applications

## **Projects**

#### Using SLATE to deploy Open OnDemand

February 2021 - Aug 2021

The SLATE project

Salt Lake City, UT, USA

• World's first kubernetes deployment of Open OnDemand with Remote Desktop

#### **Education**

**B.S. Physics** 

University of Utah

Astronomy & Astrophysics Emphasis

Aug 2016 - May 2021 Salt Lake City, UT, USA
